**FIRST APPLICATION OF WEIL, GOTSHAL & MANGES LLP, AS  
ATTORNEYS FOR THE DEBTORS, FOR INTERIM ALLOWANCE OF  
COMPENSATION FOR PROFESSIONAL SERVICES RENDERED AND  
REIMBURSEMENT OF ACTUAL AND NECESSARY EXPENSES  
INCURRED FROM SEPTEMBER 15, 2008 THROUGH JANUARY 31, 2009**

TO THE HONORABLE JAMES M. PECK,  
UNITED STATES BANKRUPTCY JUDGE:

Weil, Gotshal & Manges LLP (“WGM”), attorneys for Lehman Brothers Holdings Inc. (“LBHI”) and its affiliated debtors in the above-referenced chapter 11 cases, as debtors in possession (together with LBHI, the “Debtors” and, collectively with their non-debtor affiliates, “Lehman”), for its first application (the “Application”), pursuant to sections 330(a) and 331 of title 11 of the United States Code (the “Bankruptcy Code”) and Rule 2016 of the Federal Rules of Bankruptcy Procedure (the “Bankruptcy Rules”), for the interim allowance of compensation for professional services performed by WGM for the period commencing September 15, 2008, through and including January 31, 2009 (the “Compensation Period”), and

for reimbursement of its actual and necessary expenses incurred during the Compensation Period, respectfully represent:

**PRELIMINARY STATEMENT**

1. On Sunday, September 14, 2009, Lehman was informed of the United States Treasury Department's determination not to assist Lehman, either through direct financial aid, through access to financing, or by coordinating an orderly sale or wind down as had been done before for other institutions and many times since. Hours later, one of the world's most venerable investment banks and brokerage houses, the fourth largest in the world, with over \$639,000,000 in assets, more than 25,000 employees, and nearly 1,000,000 open trading positions and derivative trades, collapsed. The demise of Lehman, a major cog in the global financial markets, unleashed a torrent of unintended consequences that resulted in a retrenchment of the credit markets that continue to encumber the global economy.

2. WGM played a major role in the most significant effort in history to preserve the value of a vast enterprise that was compelled to initiate a bankruptcy case with virtually no previous preparation or planning. As Lehman's employees rushed out of Lehman's offices with boxes and suitcases filled with their belongings, WGM attorneys rushed in. Literally overnight, WGM marshaled its resources the world over, which included over 490 attorneys around the world. WGM had to create a large, effective team and devote a large portion of its production capacity to serve the needs of Lehman, while simultaneously fulfilling its professional responsibilities to preexisting clients.

3. The size, complexity and pace of the Debtors' chapter 11 cases is unprecedented. WGM's professional services were required to be, and were, on a 24-hour-a-day, seven-day-a-week basis, consuming vast amounts of time. The circumstances that led up to the Debtors' chapter 11 case only further complicated the dynamics of the post-filing chapter 11

cases. Because the Debtors did not have the typical pre-filing planning period, the Debtors were compelled to spend a considerable amount of time and resources in the first days and months of their cases to stabilize the administration of the legacy assets and businesses that formed the global Lehman enterprise while, at the same time, responding to the many exigencies and issues that emerged as a result of the commencement of their chapter 11 cases. As each new day dawned, new issues arose which required WGM's immediate and diligent attention.

4. WGM coordinated its efforts with those of the Debtors' shrinking workforce and newly-retained chief restructuring officer, Bryan Marsal, and the personnel provided by Alvarez & Marsal North America, LLC ("A&M") as financial advisors and restructuring experts. WGM responded, as requested and as necessary, with attorneys from many of its practice areas from offices across three continents to preserve and protect the value of the Debtors' assets.

5. In addition to advising the Debtors on the issues typically faced by debtors at the outset of chapter 11 cases, in the initial weeks of the Debtors' chapter 11 cases, WGM personnel worked around-the-clock to formulate and effectuate the record-paced sale of Lehman's North American capital markets and investment banking businesses as part of the effort to preserve and enhance value for the Debtors, protect the Debtors' customers, limit turmoil in the financial markets and benefit Lehman's stakeholders and, very importantly, Lehman's employees. To consummate the sale within one week of the Debtors' chapter 11 cases, as required by Barclays Capital Inc. ("Barclays"), the purchaser, WGM negotiated and drafted definitive agreements, and obtained Court approval of sales procedures and authorization for the sale transaction, each over the objections of many parties. WGM, as a critical and necessary part of the proposed sale pursuant to section 363(b) of the Bankruptcy Code,

coordinated the commencement of a proceeding under the Securities Investor Protection Act of 1970 (“SIPA”) with respect to LBHI’s broker-dealer affiliate, Lehman Brothers Inc. (“LBI”), with the Securities Investment Protection Corporation (“SIPC”), the Securities and Exchange Commission (“SEC”), and the Federal Reserve Bank of New York.

6. Concurrently, WGM assisted the Debtors in the negotiation of the sale of Lehman’s investment management division (“IMD”). In furtherance thereof, WGM negotiated with multiple third-parties, drafted definitive documentation with a stalking-horse purchaser and, after obtaining Court approval for bidding procedures and conducting a diligence and auction process, obtained Court approval for an alternative transaction with a topping bidder. During the Compensation Period, WGM teams advised the Debtors in negotiating and consummating other complex sale transactions, including those pursuant to section 363 of the Bankruptcy Code, such as the sale of the Debtors’ interests in Eagle Energy Partners I L.P. (“Eagle Energy”) and R3 Capital Management, LLC (“R3”), and others involving non-Debtor entities, such as sales related to Lehman’s private equity, venture capital, merchant banking and real estate funds. In addition, WGM addressed the countless issues arising out of Lehman’s vast, global real estate and loan portfolios around the world. Each transaction was designed to protect assets and values for the benefit of economic stakeholders in these cases. In all of the foregoing, WGM worked diligently with the Debtors’ management and the statutory committee of general unsecured creditors (the “Committee”) and its professionals, as well as the Office of the United States Trustee for the Southern District of New York (the “U.S. Trustee”).

7. Throughout the Compensation Period, sixteen adversary proceedings were commenced against the Debtors, seeking a range of relief. Eighteen motions for relief from the automatic stay, including motions seeking to exercise asserted rights of setoff, were initiated.

Eleven parties filed joinders to seven motions seeking examination of the Debtors pursuant to Bankruptcy Rule 2004. Ten proceedings were commenced to compel the Debtors to assume or reject executory contracts and to provide adequate protection. Six motions were filed seeking the appointment of additional committees, trustees, and examiners in these cases. The Pension Benefit Guaranty Corporation (“PBGC”) commenced an action in the United States District Court for the Southern District of New York to terminate the Debtor-sponsored defined benefit plan. And three appeals from decisions of this Court were prosecuted. WGM had to respond to each of these actions.

8. During the Compensation Period, WGM was required to prepare or review and respond to the more than 2,700 motions, notices, applications, objections, briefs and orders filed in the Debtors’ chapter 11 cases, adversary proceedings and appeals – a dizzying average of 20 pleadings each and every day, seven days a week.

9. WGM also devoted significant time and resources to preserving the Debtors’ global interests. Since September 15, 2008, seventy-six foreign insolvency proceedings have been commenced in over fifteen foreign jurisdictions. In most of those proceedings, LBHI is the largest creditor. As a result, WGM contacted and attended meetings with foreign administrators, prepared and filed proofs of claim, participated in the appointment of Debtors’ representatives to creditors’ committees in those cases, as necessary, and appeared in such insolvency proceedings, as appropriate. WGM actively participated in the protection of the Debtors’ interests in the administration proceedings under the insolvency laws of the United Kingdom of Lehman Brothers International (Europe) (“LBIE”), the Debtors’ primary foreign subsidiary, itself a major insolvency case. In the effort to bring order out of the chaos, WGM performed substantial services in the negotiation and drafting of a proposal for a cross-border

protocol to facilitate the administration of the Debtors' cases and the foreign insolvency proceedings.

10. Following the consummation of the major asset sales and the commencement of foreign insolvency proceedings, WGM negotiated and coordinated with the various purchasers of the Debtors' assets and with the Lehman affiliates over which LBHI no longer exercised control to assist the Debtors in recovering, stabilizing, and marshaling an unprecedented volume of information and data needed to administer the Debtors' chapter 11 cases. The project was exacerbated by the transfer of almost 10,000 Lehman employees to Barclays pursuant to the Barclays sale. The loss of such employees left Lehman legacy shorthanded and required A&M to employ substantial manpower to the administration of the chapter 11 case. To overcome the projected result of the employee transfers, WGM assisted the Debtors in the negotiation and implementation of transition services agreements ("TSAs") with Barclays, LBIE, Nomura Holdings Inc. (separately for sales in Asia and India) and others. The TSAs were essential for the Debtors to maximize the value of their assets while preserving their ability to administer their estates.

11. Regular and open communication with creditors is a fundamental goal of the Debtors. Throughout the Compensation Period, WGM has represented the Debtors in their formal and informal meetings and conferences with the U.S. Trustee, the Committee and their respective professionals and in numerous meetings with individual claimants and parties in interest. The Debtors and WGM have made every effort to keep such entities informed of developments on a real-time basis through their published websites, [www.lehmanbrothersestate.com](http://www.lehmanbrothersestate.com) and [www.lehman-docket.com](http://www.lehman-docket.com). In addition, together with Mr. Marsal and A&M professionals, WGM has responded to countless direct inquiries. WGM

established a hotline for Lehman-related inquiries which can be accessed by calling (212) 310-8040 or by emailing [LehmanTeam@Weil.com](mailto:LehmanTeam@Weil.com).

12. WGM's efforts to advise and represent the Debtors in all facets of these a huge cases and the affairs of the entire Lehman enterprise during the Compensation Period were necessary and of substantial benefit to the administration of the chapter 11 estates. The professional services performed and expenses incurred were actual and necessary to and preserve and protect the value of the Debtors' assets. In the perspective of the complexity and scale of these cases, WGM's charges for professional services performed and expenses incurred are reasonable under the applicable standards. WGM respectfully asks that the Court grant the Application and allow interim compensation for professional services performed and reimbursement for expenses as requested.

### **BACKGROUND**

13. Commencing on September 15, 2008 and periodically thereafter (as applicable, the "Commencement Date"), LBHI and certain of its subsidiaries commenced with this Court voluntary cases under chapter 11 of the Bankruptcy Code. The Debtors' chapter 11 cases have been consolidated for procedural purposes only and are being jointly administered pursuant to Bankruptcy Rule 1015(b). The Debtors are authorized to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

14. On October 8, 2008, the Debtors filed an application to employ WGM as their attorneys. [Docket No. 758] No objections were filed to WGM's retention and, pursuant to an order, dated November 21, 2008, the Debtors were authorized to retain WGM as their attorneys to render legal services in the prosecution of their chapter 11 cases. [Docket No. 1660]

15. On September 17, 2008, the U.S. Trustee appointed the Committee pursuant to section 1102 of the Bankruptcy Code.

16. On September 19, 2008, a proceeding was commenced under SIPA with respect to LBI. A trustee appointed under SIPA (the “SIPC Trustee”), James Giddens, Esq., is administering the LBI SIPA case.

17. On January 19, 2009, the U.S. Trustee appointed Anton R. Valukas as examiner in the above-captioned chapter 11 cases (the “Examiner”) and by order, dated January 20, 2009, the Court approved the U.S. Trustee’s appointment of the Examiner. [Docket No. 2583]

18. The Debtors have advised WGM that, to date, all quarterly fees due to the U.S. Trustee have been paid.

**SUMMARY OF PROFESSIONAL COMPENSATION  
AND REIMBURSEMENT OF EXPENSES REQUESTED**

19. This Application has been prepared in accordance with the Guidelines for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases adopted by the Court on June 20, 1991 and the Amended Guidelines for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases adopted by the Court on April 19, 1995 (together the “Local Guidelines”), the United States Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330 adopted on January 30, 1996 (the “UST Guidelines”), and the Second Amended Order Pursuant to Sections 105(a) and 331 of the Bankruptcy Code and Bankruptcy Rule 2016(a) Establishing Procedures for Interim Monthly Compensation and Reimbursement of Expenses of Professionals [Docket No. 3102] (the “Administrative Order,” and together with the Local Guidelines and the UST Guidelines, the “Guidelines”). Pursuant to the UST Guidelines, the

Debtors have reviewed this Application and approved and support interim allowance of the amounts requested by WGM for professional services performed and expenses incurred during the Compensation Period.

20. WGM seeks allowance of interim compensation for professional services performed during the Compensation Period in the amount of \$55,140,791.25, and for expenses incurred in connection with the rendition of such services in the amount of \$1,336,880.60. During the Compensation Period, WGM attorneys and paraprofessionals expended a total of 100,296.4 hours in connection with the necessary services performed.

21. In accordance with the Administrative Order, WGM received payments totaling \$45,581,599.42 for the Compensation Period, which consist of \$44,244,641.80 representing 80% of the fees invoiced for the Compensation Period and \$1,336,957.62 representing 100% of the expenses invoiced for the Compensation Period.<sup>1</sup> WGM now seeks payment by the Debtors of all amounts allowed but previously held back pursuant to the Administrative Order.

22. WGM consistently monitors its charges and expenses before and after the submission of monthly fee statements for potential errors or charges that might be inappropriate, or otherwise should be reduced. As a result, during the Compensation Period, WGM reduced its charges by \$358,977.25 and its expenses by \$184,230.13, for a total of \$543,207.38 in voluntary reductions. WGM will continue to diligently monitor its charges and expenses and, where appropriate, make appropriate reductions.

---

<sup>1</sup> Because of voluntary reductions made by WGM subsequent to the issuance of monthly fee statements and payments by the Debtors, these totals now slightly exceed 80% of the fees and 100% of the expenses for which WGM now seeks approval.

23. There is no agreement or understanding between WGM and any other person, other than members of the firm, for the sharing of compensation to be received for services rendered in these cases. Except as explained in the following paragraph, during the Compensation Period, other than pursuant to the Administrative Order, WGM has received no payment and no promises of payment from any source for services rendered or to be rendered in any capacity whatsoever in connection with the matters covered by this Application.

24. In certain instances, the Debtors and Lehman may be entitled to reimbursement from third parties, or third parties may be obligated to pay the Debtors' and Lehman's professionals directly, for legal services provided and expenses incurred in connection therewith. For example, in many instances, borrowers may be responsible for payment of Lehman's costs and expenses in connection with Lehman's role as a lender or agent. After consultation with the U.S. Trustee, WGM has endeavored to segregate legal fees and expenses that may be subject to payment by third parties, and such fees and expenses are not contained within this Application. WGM will (i) disclose in subsequent applications and (ii) credit the Debtors' account to the extent that WGM is, at a later date, paid by a non-Lehman third party for fees and expenses contained in this Application. Likewise, to the extent WGM is not subsequently reimbursed by third parties for fees and expenses that were excluded from this Application, WGM will seek compensation from the Debtors.

25. As of the date hereof, WGM has a remaining credit balance in favor of the Debtors for future professional services to be performed, and expenses to be incurred, in the approximate amount of \$4,422,608.80. WGM will file further disclosures to the extent reconciliation of time and expenses incurred prior to the Commencement Date results in further charges.

26. The fees charged by WGM in these cases are billed in accordance with WGM's existing billing rates and procedures in effect during the Compensation Period. The rates WGM charges for the services rendered by its professionals and paraprofessionals in these chapter 11 cases are the same rates WGM charges for professional and paraprofessional services rendered in comparable bankruptcy and nonbankruptcy related matters. Such fees are reasonable based on the customary compensation charged by comparably skilled practitioners in comparable bankruptcy and nonbankruptcy cases in a competitive national legal market.

27. To the extent that time or disbursement charges for services rendered or disbursements incurred relate to the Compensation Period, but were not processed prior to the preparation of this Application, WGM reserves the right to request additional compensation for such services and reimbursement of such expenses in a future application.

28. Annexed hereto as Exhibit A is a certification regarding compliance with the Guidelines.

29. Annexed hereto as Exhibit B, pursuant to the UST Guidelines, is a schedule of WGM professionals and paraprofessionals who have performed services for the Debtors during the Compensation Period, the capacities in which each such individual is employed by WGM, the department in which each individual practices, the hourly billing rate charged by WGM for services performed by such individuals, the year in which each professional was first licensed to practice law and the aggregate number of hours expended in this matter and fees billed therefor.

30. Annexed hereto as Exhibit C is a schedule specifying the categories of expenses for which WGM is seeking reimbursement and the total amount for each such expense

category. An itemized schedule of all such expenses has been provided to the Debtors, the Court, the attorneys for Committee, and the U.S. Trustee

31. Annexed hereto as Exhibit D, pursuant to the UST Guidelines, is a summary of WGM's time records billed during the Compensation Period using project categories hereinafter described. WGM maintains computerized records of the time spent by all WGM attorneys and paraprofessionals in connection with the prosecution of the Debtors' chapter 11 cases. Copies of these computerized records have been furnished to the Debtors and, subject to redaction or modification for the attorney-client privilege where necessary to protect the Debtors' estates, the Court, the attorneys for Committee, and the U.S. Trustee in the format specified by the UST Guidelines.

**SUMMARY OF SERVICES PERFORMED BY  
WGM DURING THE COMPENSATION PERIOD**

32. As described above, in the initial four and one-half months of these chapter 11 cases, WGM was required to render an extraordinary and unprecedented level of professional services in order to assist in the stabilization of the Debtors' businesses and operations, address the various issues typically confronted by debtors during chapter 11 cases but generally enlarged in these extraordinary cases, oversee efforts to protect the value of the Debtors' assets, and assist the Debtors in their efforts to wind down their businesses. Certain issues and responsibilities of heightened importance to the Debtors' chapter 11 cases required significant attention from WGM. Descriptions of some of the more important tasks performed by WGM with regard to these issues are set forth in the preliminary statement and below.

33. Asset Sales. In addition to running the asset sale processes described above, WGM has assisted Lehman in the private sale of its merchant banking private equity business (the "LBMB Business"), which is comprised of both domestic and European private

equity funds (together, the “LBMB Funds”). Lehman owns interests as an investment adviser, general partner, and limited partner in the LBMB Funds. After an extended and competitive auction bidding process, WGM assisted Lehman in selecting a purchaser for a significant portion of Lehman’s interest in the LBMB Business and has been involved on both the deal execution and the fund formation aspects of the transaction. This involved both traditional acquisition work, such as diligence and the negotiation of the purchase agreement and related documents, and the resolution of unique issues in connection with amending and restating existing documents to properly reflect the new understanding by and among the parties.

34. WGM is also representing Lehman in a potential private sale of its interest as both a limited partner and a general partner of three private equity funds that make commercial real estate equity investments and two private equity funds that make mezzanine loans to entities that own commercial real estate (collectively, the “Funds”). This process involved two rounds of diligence and bidding with more than twenty-five potential buyers, including the current management team. WGM’s work included managing data rooms, negotiating confidentiality agreements with bidders, reviewing and advising on marketing materials used during the sale process, diligencing the Funds and their investments, developing and counseling on proposed structures for potential transactions, assisting Lehman in analyzing the consequences to the Funds of the LBHI bankruptcy, counseling and analysis on threatened litigation and drafting and negotiating transactional documents.

35. Additionally, WGM has been advising the Debtors and their subsidiaries with respect to the management, financing, sale or unwinding of various strategic and other investments. These investments include (i) strategic minority investments in companies founded by the Debtors and other major financial institutions for the pricing and trading of debt or

derivative securities that the Debtors and other financial institutions traded, (ii) three significant minority renewable energy tax credit investments, (iii) a controlling investment in Skypower Corp, and (iv) strategic minority investments in various companies involved in trading credit or commodities related securities. With respect to the foregoing investments and others, WGM has generally been assisting the Debtors to protect and enforce their rights under existing agreements while working towards the sale and unwinding of the investments. Among other things, WGM has negotiated acquisition and related agreements, and assisted in setting-up and managing closed auctions and the due diligence conducted by bidders.

36. Adversary Proceedings. The commencement of the Debtors' chapter 11 cases has provoked numerous adversary proceedings. Many of the proceedings involve the rights and obligations of parties under complex financial derivatives transactions, where certain counterparties claim that the transactions terminated on or about the Commencement Date. Others involve the rights of the parties with respect to certain posted collateral, claims filed by former employees, claims relating to certain funding commitments, claims relating to alleged "misdirected" wire transfers and payments, and various other claims. During the Compensation Period, WGM was actively engaged in litigating and developing strategies as to many of these matters to protect the rights and interests of the Debtors. WGM's professional services included: thoroughly investigating and evaluating claims asserted against the Debtors; drafting appropriate answers, counterclaims, motions to dismiss, and motions for summary judgment; negotiating appropriate dismissals and settlements; attending pretrial conferences and discovery conferences; negotiating appropriate discovery schedules; drafting discovery requests, including interrogatories, requests for production of documents, and requests for admissions; responding to discovery requests, including asserting appropriate objections to such requests; reviewing

documents to produce to and documents produced by opposing litigants; and various other tasks. WGM also devoted substantial time to the investigation and evaluation of the Debtors' potential claims against third parties. As a result, the Debtors have asserted counterclaims or have commenced affirmative adversary proceedings against certain counterparties to recover funds or property rightfully owing or belonging to the Debtors. These proceedings and the related activities are extraordinarily complex, involving very sophisticated financial and esoteric securities.

37. International Matters. As noted above, there are now insolvency proceedings underway for affiliates of LBHI in at least 15 different foreign jurisdictions involving approximately 76 different legal entities and 14 sets of administrators, liquidators, or trustees. Many of these subsidiaries were an integral part of Lehman's global business and financial reporting system. As these entities were subjected to foreign insolvency proceedings, the systems that had once connected this global network of companies were shut down, causing a total breakdown of the financial reporting system not only in the United States, but in Europe and Asia as well.

38. WGM's international efforts were focused on the negotiation and implementation of TSAs that provided for the sharing of information, resources and personnel between LBHI and the foreign affiliates which had either been sold or placed in insolvency proceedings. WGM coordinated among its own offices in the United States, Europe, and Asia, and with the Debtors' financial advisors and special outside counsel in certain jurisdictions, to prepare intercompany proofs of debt, participate – to the extent permitted by local law – in court proceedings and creditors' meetings, and generally ensure that the full value of the Debtors' global business is preserved and protected for the benefit of all of the Debtors' creditors.

WGM's familiarity with Lehman's business, and particularly with the Debtors' chapter 11 cases, has been essential to the marshalling of documentary and other evidence to accompany proofs of debt and to the formulation of LBHI's global strategy as one of the largest creditors in its foreign subsidiaries' insolvency proceedings.

39. During the Compensation Period, WGM also began drafting a multilateral cross-border insolvency protocol, which the Debtors presented to the Court on February 11, 2009, and which seeks to protect the rights of the parties thereto, maintain the independent jurisdiction of all courts, provide for the orderly and efficient administration of the several proceedings in order to reduce their cost, provide, wherever possible, for direct court-to-court communication, avoid duplication of effort and activities by the parties, identify, preserve, and maximize the value of the Debtors' worldwide assets for the collective benefit of the creditors and other parties in interest, and implement a framework of general principles to address basic administrative issues that arise in the various proceedings.

40. Derivatives. As of the Commencement Date, the Debtors were parties to thousands of complex derivative contracts such as "securities contracts," "forward contracts," "repurchase agreements," or "swap agreements," in some cases governed by a single "master netting agreement" (together the "Derivative Contracts"), which in certain circumstances may be accorded special treatment under the Bankruptcy Code's "safe harbor" (the "Safe Harbor") provisions that permit qualifying non-debtor counterparties to qualifying Derivative Contracts to exercise certain contractual rights triggered by a debtor's chapter 11 case or financial condition. Such rights may include the right to terminate the Derivative Contracts and accelerate the amounts owed thereunder, and to exercise rights of setoff against collateral to satisfy claims against the Debtors under the Derivative Contract.

41. Since the Commencement Date, WGM has advised the Debtors as to the rights and strategic options available to them as they seek to preserve the value of their Derivative Contracts, particularly in light of the unique treatment accorded to these contracts under the Safe Harbor provisions. Many of the Safe Harbor provisions are relatively new to the Bankruptcy Code. As such there is little or no relevant case-law to rely upon. In fact, most of the Safe Harbor provisions have rarely, if ever, been tested by a large chapter 11 case. WGM's work in relation to the Debtors' Derivative Contracts has been particularly demanding, as it involves finding business solutions to legal questions of first impression.

42. Real Estate. As of the Commencement Date, the Debtors and their affiliates had billions of dollars invested in both the debt and equity of various commercial and residential real estate projects the world over. Due to turmoil in the real estate markets, many of these projects have required additional infusions of liquidity in order to continue to function and preserve value. WGM has worked with the Debtors to thoroughly evaluate the rights, obligations and potential benefits that arise from each of these real estate transactions. As part of such efforts WGM has dedicated a significant amount of time to the extensive review of transaction documentation and conferences with the Debtors, their advisors and transaction counterparties. WGM devoted time to drafting motions seeking the Court's approval to infuse additional cash into projects that the Debtors determined, in their business judgment, are likely to benefit the Debtors' estates.

43. WGM defended the Debtors against motions brought by borrowers to compel the Debtors to immediately assume or reject loan agreements under which a Debtor acted as lender or to lift the automatic stay to prime the Debtors' liens securing such loan agreements with new financing from third party lenders. WGM has also devoted significant time to drafting

motions to settle the claims of borrowers arising from the numerous loan agreements under which the Debtors have lending obligations. Additionally, WGM's professionals have dedicated significant resources to propose and research the viability of strategies to foreclose upon the properties of borrowers who have defaulted under such loan agreements. Efforts by WGM's professionals in connection with the sale of real estate assets have included the drafting of documentation for sale transactions, preparation of motions to obtain court approval of real estate sales, and discussions with the Debtors, their other advisors, transaction counterparties, and the Committee.

44. Loan Portfolio. As of the Commencement Date, the Debtors were also party to hundreds of credit agreements pursuant to which the Debtors acted as either a lender, participant or agent. WGM has provided advisory services regarding the bankruptcy implications of Debtors' rights and obligations with respect to such agreements and has aided the Debtors in evaluating the relative benefits and burdens such agreements pose to their estates. In many instances, WGM has provided legal services in connection with resignation from agency positions, elevation of participations and obtaining Court approval of the same. WGM has also assisted the Debtors in the negotiation and documentation of the transfer of numerous administrative agency positions to other financial institutions. Furthermore, WGM has provided consultation and negotiated amendments to various credit agreements resulting in the termination of funding commitments of the Debtors and other outcomes that were beneficial to their estates.

45. The Debtors' efforts to close and settle the remaining open trade confirmations continue to demand the attention of WGM and the Debtors' other professionals, requiring, for example, the filing of an enforcement motion, multiple responsive pleadings as

trade counterparties attempt to challenge the Court's orders regarding the Open Trade Confirmations, and voluminous correspondence and negotiations with trade counterparties.

46. Bank Issues. During the Compensation Period, WGM acted, under extreme time-pressure, to assist in the preservation of the value of LBHI's equity interests in both Woodlands Commercial Bank (f.k.a. Lehman Brothers Commercial Bank) and Lehman Brothers Bank, FSB (together, the "Banks") and their related assets. Specifically, WGM researched regulatory issues and strategies to protect the value of the investments in the Banks and the potential recoveries to LBHI's stakeholders. WGM participated in multiple meetings and conference calls with the Committee and its professionals to keep the Committee informed of all developments related to the Banks and to allow the Committee to actively participate in the development of a strategy for the Banks. Ultimately, WGM prepared separate motions and obtained Court approval to invest capital contributions into the Banks. Essentially, these were novel proceedings and issues that required innovative and sound legal analyses and expertise that WGM provided.

47. Executory Contracts and Unexpired Leases. The Debtors are parties to an enormous number of executory contracts and leases of real and personal property. In connection with asset sales and the continued operation of the Debtors' businesses, WGM was asked to evaluate the rights, obligations, and assets that are the subject of these contracts and leases. This process is massive in scope, requiring WGM to devote substantial time to conferences with the Debtors and the Debtors' other professionals to determine, among other things, the value of these contracts to the Debtors' estates. WGM prepared a motion to reject certain executory contracts and six motions to assume certain executory contracts or to establish procedures for the assumption or rejection of certain executory contracts.

48. WGM also devoted time to addressing five motions to compel the early assumption or rejection of certain executory contracts. WGM's efforts in this regard were necessary to prevent both the assumption of burdensome contracts (and the corresponding obligation to pay additional administrative expenses) as well as the rejection of contracts that might prove valuable at a subsequent point in the Debtors' chapter 11 cases. During the Compensation Period, WGM engaged in settlement discussions with all of the moving parties. WGM continues to engage in ongoing negotiations to resolve certain of the motions to compel.

49. Retention of Ordinary Course and Other Professionals. WGM attorneys' efforts were essential in the coordination and retention of the Debtors' 58 ordinary course professionals (the "Ordinary Course Professionals"). The vast majority of Ordinary Course Professionals are law firms representing the Debtors in matters such as litigation, corporate, tax, regulatory, real estate, and employment matters. Because it was also necessary for the Debtors to employ certain other professionals who did not fall within the limitations set for the Ordinary Course Professionals, WGM spent significant amounts of time working and preparing applications for these professionals' retention. WGM worked with the US Trustee to ensure that the requisite disclosures and applications were adequate.

50. The following is a summary of the significant professional services rendered by WGM during the Compensation Period, organized in accordance with WGM's internal system of project or work codes.

51. The professional services performed by WGM were actual, necessary and appropriate to the administration of the Debtors’ chapter 11 cases. The professional services performed by WGM were in the best interests of the Debtors and their stakeholders. Compensation for such services as requested is commensurate with the complexity, importance, and nature of the complexity, issues, and tasks involved. The professional services were performed expeditiously and efficiently.

52. The professional services performed by members and associates of WGM were rendered by the Business Finance & Restructuring, Corporate, Litigation, and Tax Departments in numerous offices across three continents. WGM has a preeminent Business Finance & Restructuring practice and enjoys a national reputation for its expertise in financial reorganizations and restructurings of troubled entities, with approximately 103 attorneys that specialize in this area of law.

53. The professional services performed by WGM on behalf of the Debtors during the Compensation Period required an aggregate expenditure of 100,296.40 recorded hours by WGM’s members, counsel, associates, and paraprofessionals. Of the aggregate time

expended, 29,398.00 recorded hours were expended by partners and counsel of WGM, 58,403.40 recorded hours were expended by associates, and 12,495.00 recorded hours were expended by paraprofessionals of WGM.

54. During the Compensation Period, WGM billed the Debtors for time expended by attorneys based on hourly rates ranging from \$355 to \$950 per hour for domestic attorneys and \$180 to \$1170 for foreign attorneys. Allowance of compensation in the amount requested would result in a blended hourly billing rate of approximately \$598.95 (based on 87,801.40 recorded hours for attorneys at WGM's regular billing rates in effect at the time of the performance of services).

**ACTUAL AND NECESSARY DISBURSEMENTS OF WGM**

55. As set forth in Exhibit C hereto, WGM has disbursed \$1,336,880.60 as expenses incurred in providing professional services during the Compensation Period. These expenses are reasonable and necessary in light of the size and complexity of the Debtors' cases. For example, the novel legal issues invoked by the global scope of the Debtors' businesses and the complex nature of the many financial arrangements they are party to require WGM attorneys to work long hours, engage in numerous long distance and international communications, and perform considerable computerized research in order to effectively prosecute the Debtors' chapter 11 cases.

56. The time constraints facing the Debtors, along with the sheer magnitude of tasks generated by these cases, have required WGM's attorneys and other employees to devote significant time during the evenings and on weekends to perform legal services on behalf of the Debtors. Such services were essential to meet deadlines, timely respond to motions and objections, and to satisfy the extraordinary demands of the Debtors' businesses and the administration of these complex chapter 11 cases.

57. While WGM has not charged the Debtors for any overtime expenses, consistent with firm policy, attorneys and other employees of WGM who worked late into the evenings or on weekends were reimbursed for their reasonable meal costs and their cost for transportation from the office to home. WGM's regular practice is not to include components for those charges in overhead when establishing billing rates and to charge its clients for these and all other out-of-pocket disbursements incurred during the regular course of the rendition of services. The reimbursement amounts do not exceed those set forth in the UST Guidelines.

58. With respect to photocopying expenses, WGM charges all of its clients \$.10 per page. With respect to facsimile expenses, in compliance with the UST Guidelines, WGM does not charge for facsimile transmissions, other than the cost of long distance facsimiles at applicable toll charge rates, which invariably are less than the \$1.25 per page amount permitted by the UST Guidelines. Each of these categories of expenses does not exceed the maximum rate set by the UST Guidelines. These charges are intended to cover WGM's direct operating costs, which costs are not incorporated into the WGM hourly billing rates. Only clients who actually use services of the types set forth in Exhibit B are separately charged for such services. The effect of including such expenses as part of the hourly billing rates would impose that cost upon clients who do not require extensive photocopying and other facilities and services. The amount of the standard photocopying charge is intended to allow WGM to cover the related expenses of its photocopying service. A determination of the actual expenses per page for photocopying, however, is dependent on both the volume of copies and the total expenses attributable to photocopying on an annual basis.

59. In addition, because of the location of the global scope of the Debtors' businesses, frequent long distance and international telephone calls were required. On many

occasions, overnight delivery of documents and other materials was required as a result of circumstances necessitating the use of such express services. These disbursements are not included in WGM's overhead for the purpose of setting billing rates. WGM has made every effort to minimize its disbursements in these cases. The actual expenses incurred in providing professional services were absolutely necessary, reasonable, and justified under the circumstances to serve the needs of the Debtors, their estates, and creditors.

**THE REQUESTED COMPENSATION SHOULD BE ALLOWED**

60. Section 331 of the Bankruptcy Code provides for interim compensation of professionals and incorporates the substantive standards of section 330 to govern the Court's award of such compensation. 11 U.S.C. § 331. Section 330 provides that a court may award a professional employed under section 327 of the Bankruptcy Code "reasonable compensation for actual necessary services rendered . . . and reimbursement for actual, necessary expenses." Id. § 330(a)(1). Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded, the court should consider the nature, the extent, and the value of such services, taking into account all relevant factors, including –

- (A) the time spent on such services;
- (B) the rates charged for such services;
- (C) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
- (D) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed; and
- (E) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

Id. § 330(a)(3).

61. In the instant case, WGM respectfully submits that the services for which it seeks compensation and the expenditures for which it seeks reimbursement in this Application were necessary for and beneficial to the Debtors' preservation and orderly administration of their estates and prosecution of their chapter 11 cases. WGM worked assiduously to anticipate or respond to the Debtors' needs and assist in the Debtors' chapter 11 process. Such services and expenditures were necessary to and in the best interests of the Debtors' estates and creditors. The compensation requested herein is reasonable in light of the nature, extent, and value of such services to the Debtors, their estates, and all parties in interest.

62. Compensation for the foregoing services as requested is commensurate with the complexity, importance and nature of the problems, issues and tasks involved. The professional services were performed expediently and efficiently. Whenever possible, WGM sought to minimize the costs of its services to the Debtors by utilizing talented junior attorneys and paraprofessionals to handle more routine aspects of case administration. Groups of the same WGM attorneys were utilized for similar tasks in these cases to minimize the costs of intra-WGM communication and education about the Debtors' circumstances. Furthermore, WGM voluntarily reduced its requests for fees and expenses incurred during the Compensation Period in the aggregate amount of \$543,207.38.

63. In sum, the services rendered by WGM were necessary and beneficial to the Debtor's estate and were consistently performed in a timely manner commensurate with the complexity, importance and nature of the issues involved. Accordingly, approval of the compensation for professional services and reimbursement of expenses sought herein is warranted.

**CONCLUSION**

64. WGM respectfully requests the Court enter an Order authorizing (i) an interim allowance of compensation for professional services rendered during the Compensation Period in the amount of \$56,477,671.85, consisting of \$55,140,791.25, representing 100% of fees incurred during the Compensation Period, and reimbursement of \$1,336,880.60, representing 100% of actual and necessary expenses incurred during the Compensation Period; (ii) that the allowance of such compensation for professional services rendered and reimbursement of actual and necessary expenses incurred be without prejudice to WGM's right to seek additional compensation for services performed and expenses incurred during the Compensation Period, which were not processed at the time of this Application; (iii) and directing payment by the Debtors of the difference between the amounts allowed and the amounts previously paid by the Debtors pursuant to the Administrative Order; and (iv) such other and further relief as is just.

WHEREFORE the Debtors respectfully request that the Court grant the relief requested herein and such other and further relief as is just.

**CERTIFICATION UNDER GUIDELINES FOR FEES  
AND DISBURSEMENTS FOR PROFESSIONALS IN RESPECT  
OF FIRST APPLICATION OF WEIL, GOTSHAL & MANGES LLP  
FOR INTERIM COMPENSATION AND REIMBURSEMENT OF EXPENSES**

I, Harvey R. Miller, hereby certify that:

1. I am a partner with the applicant firm, Weil, Gotshal & Manges LLP (“WGM”), with responsibility for the chapter 11 cases of Lehman Brothers Holdings Inc. (“LBHI”) and certain of its affiliates, as debtors in possession in the above-captioned cases (collectively with LBHI, the “Debtors”), in respect of compliance with the Guidelines for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases adopted by the Court on June 20, 1991 (the “Fee and Disbursement Guidelines”) and the Amended Guidelines for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases adopted by the Court on April 19, 1995 (together with the Fee and Disbursement Guidelines, the “Local Guidelines”), the United States Trustee Guidelines for

Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330, adopted on January 30, 1996 (the “UST Guidelines”) and the Second Amended Order Pursuant to Sections 105(a) and 331 of the Bankruptcy Code and Bankruptcy Rule 2016(a) Establishing Procedures for Interim Monthly Compensation and Reimbursement of Expenses of Professionals [Docket No. 3102] (the “Administrative Order,” and together with the Local Guidelines and the UST Guidelines, the “Guidelines”).

2. This certification is made in respect of WGM’s application, dated April 13, 2009 (the “Application”), for interim compensation and reimbursement of expenses for the period commencing September 15, 2008 through and including January 31, 2009 (the “Compensation Period”) in accordance with the Guidelines.

3. In respect of section 2 of the Fee and Disbursement Guidelines, I certify that WGM reviewed the fee application and has approved it.

4. In respect of section B.1 of the Local Guidelines, I certify that:

- a. I have read the Application;
- b. to the best of my knowledge, information, and belief formed after reasonable inquiry, the fees and disbursements sought fall within the Local Guidelines;
- c. the fees and disbursements sought are billed at rates in accordance with those customarily charged by WGM and generally accepted by WGM’s clients; and
- d. in providing a reimbursable service, WGM does not make a profit on that service, whether the service is performed by WGM in-house or through a third party.

5. In respect of section B.2 of the Local Guidelines and as required by the Administrative Order, I certify that WGM has complied with these provisions requiring it to provide counsel for the statutory committee of unsecured creditors appointed in these cases (the “Committee”) and the Debtors, with a statement of WGM’s fees and disbursements accrued

during the previous month, although, due to administrative limitations, such statements were not always provided within the timetables set forth in the Local Guidelines and the Administrative Order.

6. In respect of section B.3 of the Local Guidelines, I certify that the Debtors, attorneys for the Committee, and the United States Trustee for the Southern District of New York are each being provided with a copy of the Application.
